### **Expectations of Senior and Student Members**

**To assist with fundraising activities:** We have several fundraising events through the year and expect all members to help.

**To take part in allocated beach patrols:** Beach safety is the reason we were established and patrols are integral to our contribution to the community. Failure to attend patrols or arrange a swap when you cannot attend may affect your membership.

We encourage members to attend training sessions and to take Surf Life Saving qualifications or to update existing qualifications.

If you are not able or do not wish to take part in all club activities as listed above, then this may not be the right club for you. Please discuss any issues with a committee member.

### **Expectations of Junior Members**

**To attend 80% of regular training sessions made available to you.** All our coaches are volunteers and it is expected that you are respectful to the coaches and that you give 100% effort. If you are ill or are away your parent or guardian must inform the Juniors' Secretary.

**To take Surf Life Saving qualifications** that are suitable for your age or to update existing qualifications.

We actively encourage members to represent our club at surf life saving competitions.

**To assist with fundraising activities:** We have several fundraising events through the year and expect all members to help.

**To have a parent who is willing to help** by coaching or chaperoning or in a specified role. We cannot include as many junior members as we do without the active help of parents.

**To take part in allocated beach patrols:** Beach safety is the reason we were established and patrols are integral to our contribution to the community. Failure to attend patrols or arrange a swap when you can't attend may affect your membership.

We actively encourage members to represent our club at surf life saving competitions.

If you are not able or do not wish to take part in all club activities as listed above, then this may not be the right club for you. Please discuss any issues with a committee member.

### **Expectations of Parent Helpers and Coach Members**

**To coach or assist at junior training by being a chaperone:** We need to spread the workload and expect parents who are not coaching to take a turn at chaperoning juniors at training sessions.

We encourage parents and helpers to become full members of the club. You are welcome to attend trial adult sessions before joining.
