

2016 Beach Patrols

Carrying out beach patrols is one vital way that we contribute to the community, ensuring safer beaches. Our visible presence in carrying out patrols is also a way of promoting our organisation and club. Some of our equipment that we use in training has been provided by grants from organisations that value our community work. Participation is therefore a requirement of being an active club member and we only ask that you commit to two 2½ hour patrols each summer.

There are some quiet occasions where there may not be much to do so you may feel that patrols are unimportant but there are times every year where sea conditions are dangerous and our patrols help to keep people safe. For example we guide people to safe bathing areas and inform the public about changing sea conditions and we provide first aid. Several times last year trained adult members were involved in sea rescues; we make a difference.

Your patrol captain and vice-captains will organise the patrol but the following guidelines provide an idea of what to expect:

- The main emphasis of the patrol should be on helping the lifeguards at the water's edge and in shallow water particularly when the sea is busy and/or the surf is big so always bring wet gear as you need to be prepared to get wet.
- Wear the patrol rash vests so you may be easily identified.
- If it is a particularly dangerous or busy day stay on longer to help if you can.
- Try to cover both Crooklets and Summerleaze beaches.
- Use opportunities politely to keep the public informed about beach safety; there are plenty of leaflets to distribute to help with this.
- Take part in some training to update your skills
- It is always appreciated if patrol members do some club cleaning and tidying if the beach is quiet.

Below is a list of patrol teams and the dates allocated to each patrol. Parent/helpers are very welcome to join their child on patrol.

Club members who work on the beaches or who are away from Bude for most of the patrolling dates should come and assist a patrol as and when they are available.

- **You must swap with someone if you can't do a patrol on the set date. Please inform your patrol captain or vice-captain about who is replacing you. Don't just fail to turn up, it is important not to let your patrol team down; it is common courtesy to let your patrol captain know if you can't be there.**
- **Please do not ask anyone else to arrange a swap for you; this is your responsibility and is harder for others to arrange for you.**
- **Patrols are balanced with adults and juniors for safety and to help people mix with new members so please do not swap just to be with friends.**
- **If you swap your patrol it is your responsibility to make sure the person you swapped with turns up.**
